Most of us are broad-minded  
enough to admit that there are two  
sides to every question,

our own side,

and the side that no intelligent,  
informed, sane and self-respecting  
person could possibly hold.

We must be saved by -

hope

faith

love

forgiveness

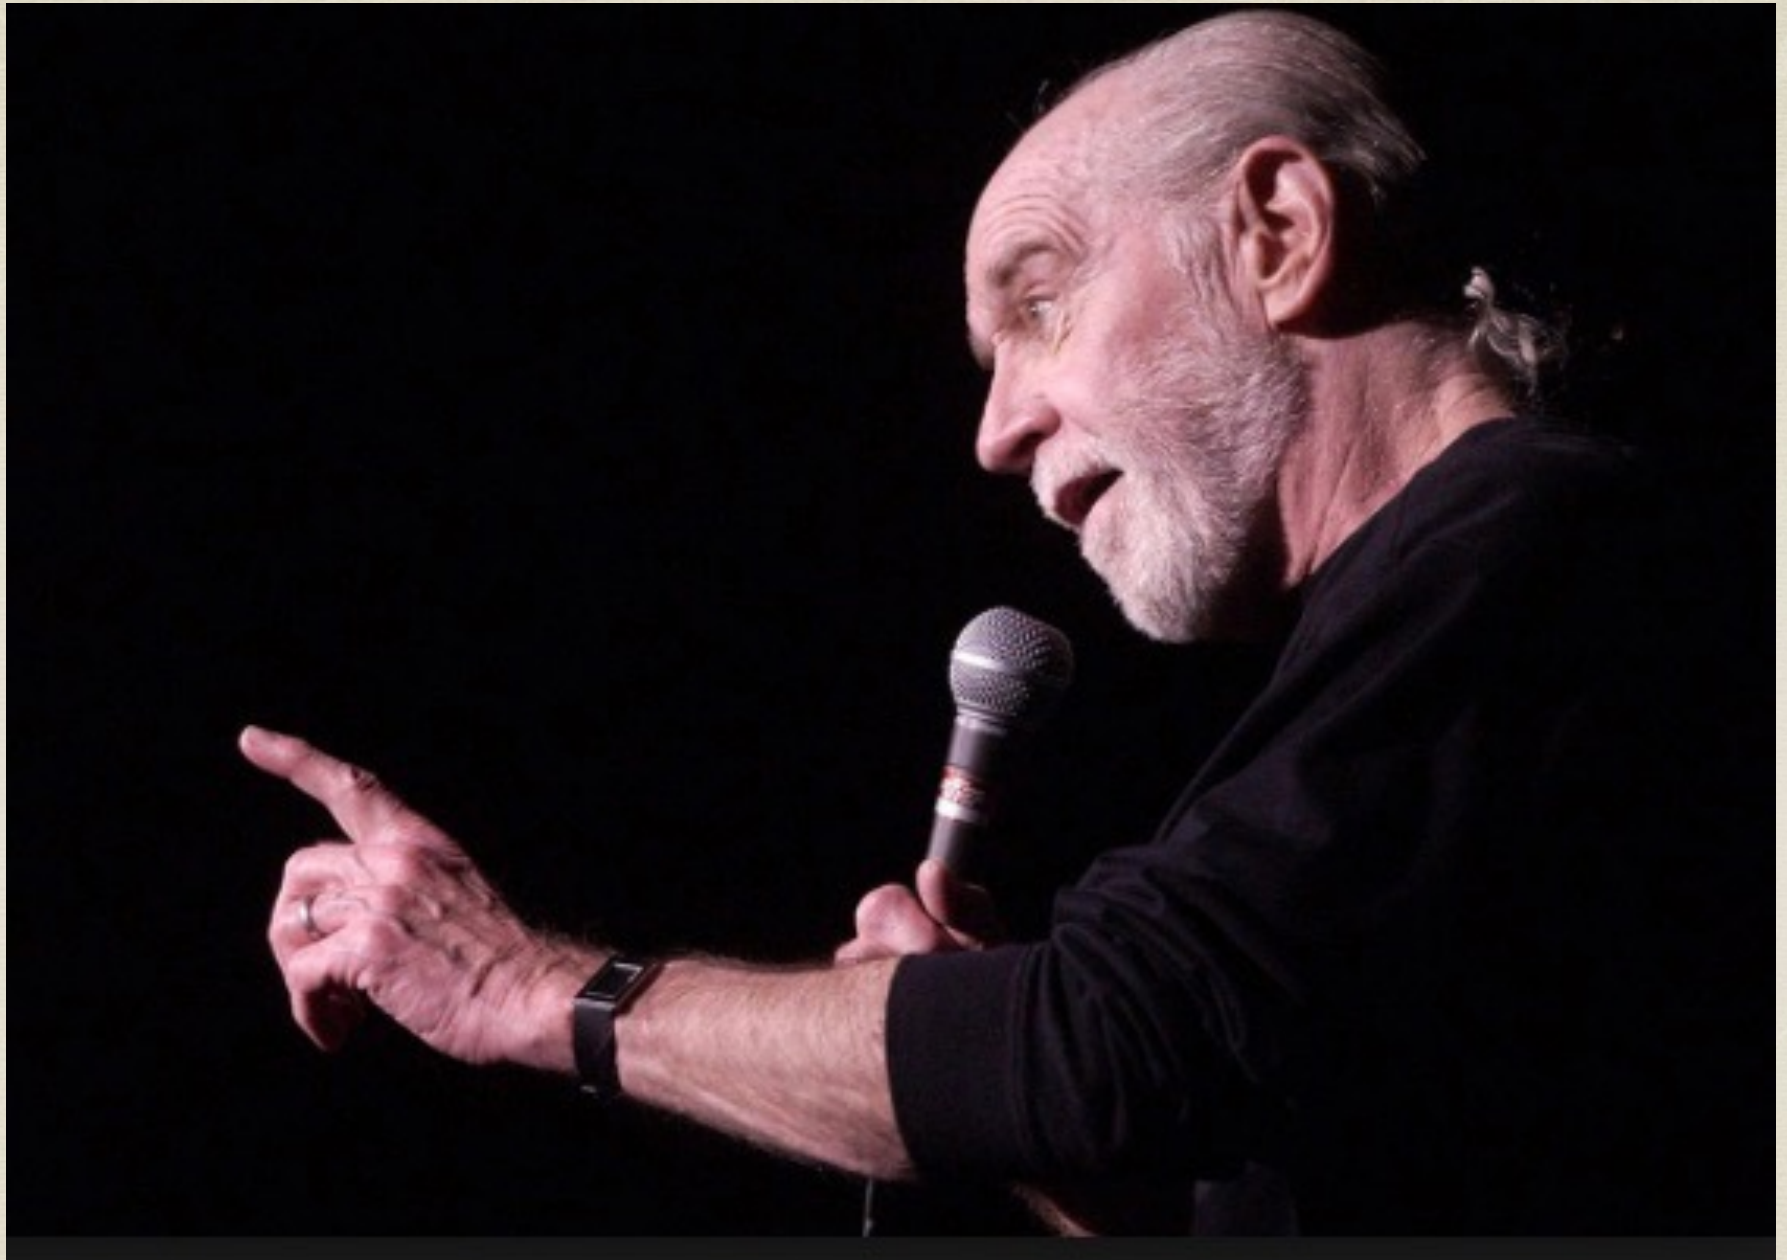

All religions are

human constructions

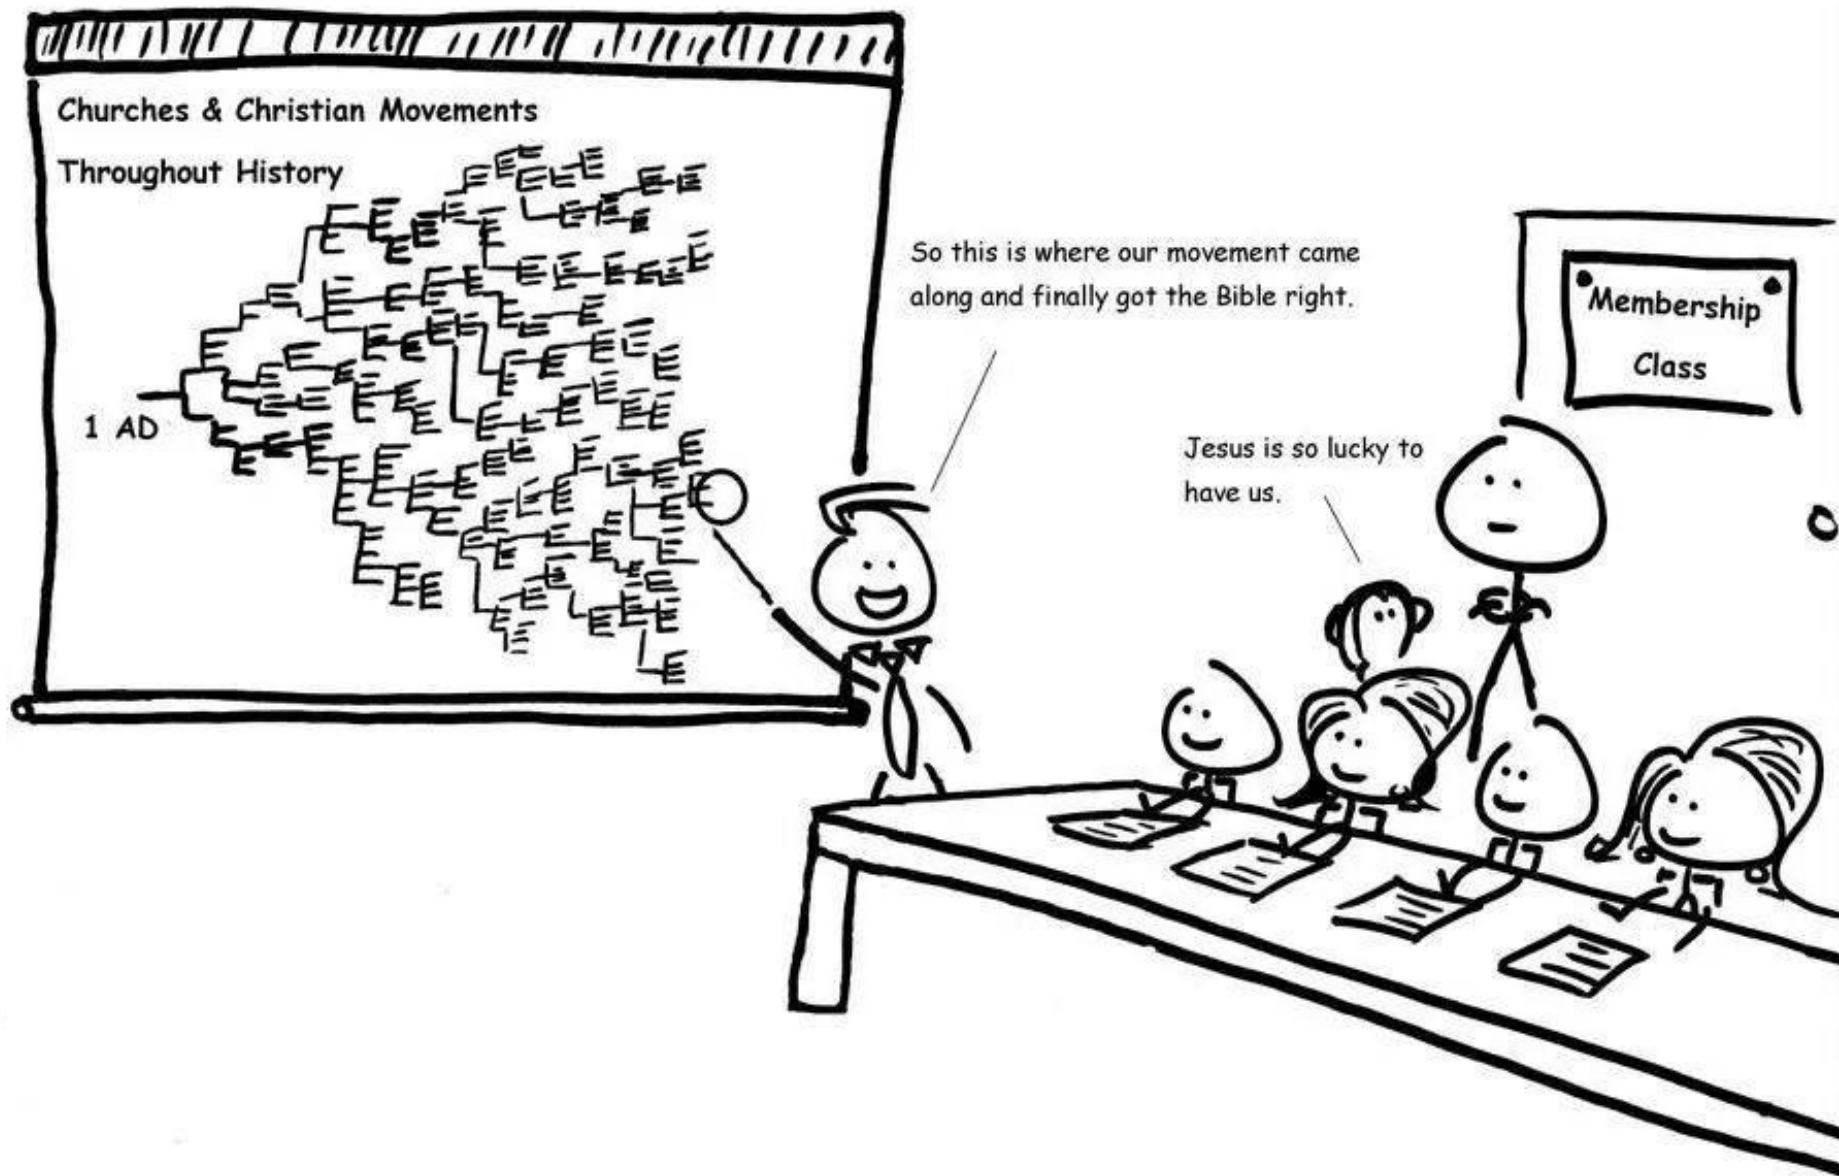

created as a response to a people's  
experience of "the sacred"

using the language and symbols of that  
culture

they are aimed at maintaining identity and  
"controlling" events and people

Blessed is the person who existed before being created. If you become my disciple and hear my words, these stones shall serve you. For there are five trees in paradise that do not change in summer or winter and whose leaves do not fall. Whoever knows them shall not taste death.

Evolution is not -

the background to the  
human story.

It is the human story.

God is the newest thing  
there is, the youngest thing  
there is. God is the  
beginning and if we are  
united to God we become  
new again.
